DETAILED ACTION

The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

Claims 4,6-18 stand rejected under 35 U.S.C. 103(a) as being unpatentable over Burke in view of Dohara & Boe.

Applicant's arguments filed 4/24/06 have been fully considered but they are not persuasive. Examiner has not seen any photo's , stated by applicant to clearly show results. Applicant's consideration of the Burke reference is not persuasive, as column 2, line 35-40 indicate water, solvent , or both are envisioned, & it would be within the purview of the artisan to adjust the ratio of water/diluents as a function of ingredient /active compatibility & of environmental safety (summary).

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
